

Complaints Policy

CQC Fundamental Standards

Legislation	Details
Regulation 16: Receiving and Acting on Complaints	Care Providers are required to have an effective system to identify, receive, handle and respond appropriately to complaints and comments made by service users, or persons acting on their behalf, and others involved with the service.

Key Lines of Enquiry

KLOE	How this applies to Complaints
Effective	Aspire Care Personnel Limited will establish and operate effectively an accessible system for identifying, receiving, recording, handling and responding to complaints by service users and other persons

This policy should be read in conjunction with our:

- Advocacy Policy
- Duty of Candour Policy
- Escalation Policy
- Responding to the Experiences of Service Users (England and Wales)
- Quality Assurance
- Safeguarding Vulnerable Adults Policy

Policy Statement

Policy Aims

Aspire Care Personnel Limited works on the principle that if a service user or anyone who acts in their best interests wishes to make a complaint or register a concern they should find it easy to do so. It is Aspire Care Personnel Limited's policy to welcome complaints and look upon them as an opportunity to learn, adapt, improve and provide better services. This policy is intended to ensure that complaints are dealt with properly and that all complaints or comments by service users and their relatives and carers are taken seriously.

Regulation 16 is one of the fundamental standards with which providers must comply to meet their registration requirements. It states the following.

- Any complaint received must be investigated and necessary and proportionate action must be taken in response to any failure identified by the complaint or investigation.
- The registered person must establish and operate effectively an accessible system for identifying, receiving, recording, handling and responding to complaints by service users and other persons in relation to the carrying on of the regulated activity.
- The registered person must provide to the Commission when requested to do so and by no later than 28 days beginning on the day after receipt of the request, a summary of:
 - complaints made under such complaints system
 - responses made by the registered person to such complaints and any further correspondence with the complainants in relation to such complaints
 - any other relevant information in relation to such complaints as the Commission may request.

To be compliant with this regulation, Aspire Care Personnel Limited will:

- ensure that people are aware of this policy
- bring the complaints system to the attention of service users and people acting on their behalf in a suitable manner and format
- facilitate the making of complaints when one is being made
- acknowledge and investigate all verbal and written complaints and (where relevant), work with other services where the complaint is of a joint nature to address the issues raised
- ensure that service users have access to and the help of an independent advocacy service, which they might need to make a complaint where they lack the capacity or means to make the complaint without such assistance; an advocate can assist the person at all stages in the complaints process.

Where appropriate, Aspire Care Personnel Limited will also refer users to the leaflet published by the Care Quality Commission (CQC), *How to Complain About a Health or Social Care Service*.

The policy is not designed to apportion blame, to consider the possibility of negligence or to provide compensation. It is not the same as the disciplinary policy. However, Aspire Care Personnel Limited understands that failure to listen to or acknowledge complaints could lead to an aggravation of problems, service user dissatisfaction and possible litigation.

Aspire Care Personnel Limited supports the principle that most complaints, if dealt with early, openly and honestly, can be sorted at a local level, ie between the complainant and Aspire Care Personnel Limited. If this fails due to the complainant being dissatisfied with the result, Aspire Care Personnel Limited respects the right of the complainant to take the complaint to the next stage by seeking a review with the relevant reviewing body of how the complaint was addressed.

The aim is always to make sure that the complaints procedure is properly and effectively implemented and that service users feel confident that their complaints and worries are listened to and acted upon promptly and fairly.

Principles of Complaints Handling

- Service users, their representatives and carers are always made aware of how to complain, for example, by having a complaints notice displayed prominently in public areas, having copies of the complaints procedure included in the information given to service users, and having the procedure available in alternative formats in line with users' communication needs.
- Service users, their representatives and carers are always made aware that Aspire Care Personnel Limited provides easy-to-use opportunities for them to register their complaints.
- A named person is always responsible for the administration of the procedure.
- Every written complaint is acknowledged within two to three working days.

- Investigations into written complaints are held within 28 days.
- All complaints are responded to in writing by Aspire Care Personnel Limited.
- Complaints are dealt with promptly, fairly and sensitively with due regard to the upset and worry that they can cause to service users and those against whom the complaint has been made.
- Aspire Care Personnel Limited recognises national guidance on complaints handling, which uses a three-stage (two stages for some self-funding service users) model of:
 - local resolution
 - complaints review
 - independent external adjudication by Local Government and Social Care Ombudsman (LGSCO), Health Service Ombudsman or through the Independent Healthcare Advisory Services (IHAS).
- The person to whom complaints should be made is the Registered Manager, Harriet Amankwaa.
 - If the Registered Manager is the subject of the complaint, then the complaint should be made to Aspire Care Personnel Limited director Harriet Amankwaa, who can be contacted via telephone on [03333394148](tel:03333394148).

Key Question: What is the Complaints Procedure?

The Complaints Procedure

Stage one: local resolution

Aspire Care Personnel Limited works on the basis that wherever possible, complaints are best dealt with directly with the service users by its staff and management, who will arrange for the appropriate enquiries to be made in line with the nature of the complaint. This can involve using an independent investigator as appropriate or if the complaint raises a safeguarding matter a referral to the local safeguarding adults authority.

Stage two: complaints review

In line with national guidance, Aspire Care Personnel Limited then recognises that if the complaint is still not resolved, the complainant has a right to take their complaint to the body responsible for the commissioning of the service, eg local authority and/or health service (again depending on the nature of the complaint and type of service involved). A self-funding service user whose care and support has no local authority involvement is entitled to complain directly to the LGSCO for resolution.

Stage three: independent external adjudication

If complainants are still dissatisfied with the management and outcome of their complaint, Aspire Care Personnel Limited is aware that they can refer the matter to the LGSCO (if self funding) or the Health Service Ombudsman in respect of some private healthcare providers through the IHAS for external independent adjudication.

Complaints about Social Care Managers

Complaints about social care managers can be made either to the Care Quality Commission or the Local Government and Social Care Ombudsman.

Role of the Care Quality Commission

Aspire Care Personnel Limited makes its users aware that the Care Quality Commission (CQC) does not investigate any complaints directly, but it welcomes hearing about any concerns. It accordingly provides users with information about how to contact the CQC:

- by referring them to the CQC's leaflet *How to Complain About a Health or Social Care Service* (July 2013) (available on the CQC website).
- Or their Telephone: 03000 616161
- Email: enquiries@cqc.org.uk

Aspire Care Personnel Limited also sends to the CQC any information about complaints requested or required as part of CQC's compliance reviewing policy.

Role of the Local Government and Social Care Ombudsman (LGSCO)

The LGSCO look at individual complaints about councils and all types of care services for adults in England. They look at complaints made by all service users including self-funding service users. They make decisions independently of all government departments, councils and politicians.

Aspire Care Personnel Limited will refer self-funding service users to the LGSCO if dissatisfied with the outcome of their complaint. Aspire Care Personnel Limited accordingly provides users with information about how to contact the CQC:

- by referring them to the LGSCO's leaflet *How to complain about adult social care and support* (October 2020) (available on the LGSCO website).
- Or their Telephone: 0300 061 0614
- Website: www.lgo.org.uk

Safeguarding issues

In the event of the complaint involving alleged abuse or suspicion that abuse has occurred, Aspire Care Personnel Limited refers to the matter immediately to the local safeguarding adults' authority, which will usually call a strategy meeting to decide on the actions to be taken next. This could entail an assessment of the allegation by a member of the Safeguarding Authority team.

Aspire Care Personnel Limited will also notify the CQC under the (revised) Care Quality Commission (Registration) Regulations 2009, Regulation 18(e) Notification of Other Incidents of "any abuse or allegation of abuse in relation to a service user".

Verbal Complaints

Aspire Care Personnel Limited adopts the following procedures for responding to complaints and concerns made verbally to staff or to managers.

- All verbal complaints, no matter how seemingly unimportant, are taken seriously and are immediately acknowledged as concerns.
- Front-line care staff who receive a verbal complaint are instructed to address the problem straight away.
- If staff cannot solve the problem immediately they should offer to get the manager to deal with the problem.
- All contact with the complainant should be polite, courteous and sympathetic. There is nothing to be gained by staff adopting a defensive or aggressive attitude.
- At all times staff should remain calm and respectful.
- Staff should not make excuses or blame other staff.
- If the complaint is being made on behalf of the service user by an advocate it must first be verified that the person has permission to speak for the service user, especially if confidential information is involved. It is

very easy to assume that the advocate has the right or power to act for the service user when they may not. If in doubt it should be assumed that the service user's explicit permission is needed prior to discussing the complaint with the advocate.

- After talking the problem through, the manager or the member of staff dealing with the complaint will suggest a course of action to resolve the complaint. If this course of action is acceptable then the member of staff will clarify the agreement with the complainant and agree on a way in which the results of the complaint will be communicated to the complainant (ie through another meeting or by letter).
- If the suggested plan of action is not acceptable to the complainant then the member of staff or manager will ask the complainant to put their complaint in writing and give them a copy of the complaints procedure.
- Details of all verbal complaints are recorded in the complaints book by the staff or managers who receive the complaint and on the individual's care records with information on how a specific matter was addressed.

Written Complaints

Aspire Care Personnel Limited adopts the following procedures for responding to written complaints.

Preliminary steps

- When a complaint is received in writing it is passed on to a named person, eg the registered manager or registered provider/complaints manager who records it in the complaints book and sends an acknowledgement letter within two working days, which describes the procedure to be followed.
- The complaints manager/named person is responsible for dealing with the complaint throughout the process, including for any investigations carried out by an independent person, who will report to the named person/complaints manager.
- If necessary, further details are obtained from the complainant by the person carrying out the investigation. If the complaint is not made by the service user but on the service user's behalf, then consent of the service user, wherever practical in writing, is obtained from the complainant to provide that information.
- If the complaint raises potentially serious matters, advice will be sought from a legal advisor. If legal action is taken at this stage any investigation under the complaints procedure should cease immediately pending the outcome of the legal intervention.
- A complainant, who is not prepared to have the investigation conducted by Aspire Care Personnel Limited or its parent organisation or is dissatisfied with the response to the complaint, is advised to contact Aspire Care Personnel Limited or organisations responsible for commissioning their services (local authority and/or health service) for a review of their complaint.
- The complainant then has the option of taking the matter to independent external adjudication and will be referred to the information provided by the CQC in its leaflet *How to Complain About a Health or Care Service* (February 2014).
- If the complaint involves safeguarding issues requiring an alert to the local safeguarding authority, Aspire Care Personnel Limited will follow the safeguarding procedures, carrying out any internal investigation in line with any plan agreed with the safeguarding staff (with information shared with the CQC).

Investigation of a complaint (other than safeguarding)

- Immediately on receipt of a written complaint, Aspire Care Personnel Limited will launch an investigation and aims within 28 days to provide a full explanation to the complainant, either in writing or by arranging a meeting with the individuals concerned.
- If the issues are too complex to complete the investigation within 28 days, the complainant will be informed of any delay and the reason for the delay.

Meeting

- If a meeting is arranged the complainant is advised that they may, if they wish, bring a friend or relative or a representative such as an advocate.
- At the meeting, a detailed explanation of the results of the investigation is given and an apology if it is deemed appropriate (apologising for what has happened need not be an admission of liability).
- Such a meeting gives Aspire Care Personnel Limited the opportunity to show the complainant that the matter has been taken seriously and has been thoroughly investigated.

Follow-up action

- After the meeting, or if the complainant does not want a meeting, a written account of the investigation is sent to the complainant.
- This includes details of how to take the complaint to the next stage if the complainant is not satisfied with the outcome.
- The outcomes of the investigation and the meeting are recorded in the complaints book and any shortcomings in procedures are identified and acted upon.
- The management reviews all complaints to determine what can be learned from them. It regularly reviews the complaints procedure to make sure it is working properly and is legally compliant.

Staff Support

All documentation relating to the investigation will be stored securely in the case file. Members of staff named in the complaint (personally or by role) should be informed of the complaint, and fully supported by their relevant line manager. Any investigation should be comprehensive, fair and timely, and should not apportion blame but seek only to improve. A number of supports are available for staff, including: Line manager, Managing Director, Peer support, Occupational Health, Professional bodies.

Aspire Care Personnel Limited will monitor that all staff and service users are aware of the complaints policy and procedures through training, meetings and reviews, service user welcome packs, email and the website. A global notice will be sent to managers and staff to notify release of this document and any subsequent updates to this policy will be provided. Notification of this document will be included in the all staff email bulletin and staff briefings. All managers will be given training for implementation of this policy as appropriate. A training needs analysis will be undertaken with other staff affected by this document and any appropriate training will be provided to staff as required.

Training

All care staff are trained to respond correctly to complaints of any kind. Complaints policy training is included in the induction training for all new staff and updated as indicated by any changes in the policy and procedures and in the light of experience of addressing complaints.

Monitoring and Review

The Company Secretary will check this policy is working properly and they will review it at least once a year. We will make improvements to the policy wherever we can.

Employees are invited to suggest any ways the policy can be improved.

This policy does not form part of any employee's contract of employment, and it may be amended at any time.

Key Points to Take Away

- Aspire Care Personnel Limited works on the principle that if a service user or anyone who acts in their best interests wishes to make a complaint or register a concern they should find it easy to do so. It is Aspire Care Personnel Limited's policy to welcome complaints and look upon them as an opportunity to learn, adapt, improve and provide better services. This policy is intended to ensure that complaints are dealt with properly and that all complaints or comments by service users and their relatives and carers are taken seriously.
- The CQC does not investigate any complaints directly, but it welcomes hearing about any concerns. The CQC provides a leaflet to service users on how to contact them, titled: *How to Complain About a Health or Social Care Service* (July 2013) (available on the CQC website).

After reading this Policy, you should be able to:

- Understand what Complaints Policy is and how the Complaints Policy operates;
- Understand how Complaints Policy operates at Aspire Care Personnel Limited and have an awareness of the actions we take in preventing, identifying and reporting concerns;
- Understand the role you play in Complaints Policy.

If you have not understood any of these points, please ask your Line Manager or trainer for further help.

Policy Review

A Director will review this policy at least once a year to make any updates needed.

Authorisation and Signature

This Policy is the authorised version agreed by the Directors of Aspire Care Personnel Limited.

All employees are expected to follow this policy and failure to do so could result in disciplinary action.
